SUMMARY

Full Stack Web Developer with experience building web applications using the MERN stack and related technologies. Focused on writing clean, maintainable code and working effectively in remote and team environments. Able to deliver stable and functional solutions that meet project requirements.

EXPERIENCE

Full Stack Developer

02/2025 – Present

Enorus

Remote

- Developed and maintained full-stack real estate web apps using React.js and Node.js with 98% test coverage.
- Delivered Version 1.0 on time with clean architecture, reducing tech debt by 30%.
- Reduced API efficiency by 40% and application uptime to 99.9%.

Full Stack Developer

05/2024 – 02/2025

IVY Interactive Solution

Islamabad

- Developed a real-time chat app with WebRTC, improving user engagement by 45%.
- Boosted mobile responsiveness by 30%, reducing bounce rate.
- Enhanced reliability through unit/integration testing, cutting bugs by 40%.

Full Stack Developer - Part Time

04/2024 – 08/2024

Darken Tech

Remote

- Engineered a stock management system with real-time tracking, reducing discrepancies by 40%.
- Helped deploy 4 major features, contributing to a 95% client satisfaction rate.
- Reduced production errors by 50% through reviews and refactoring.

MERN Stack Developer

10/2023 – 05/2024

The Cloud Services

Islamabad

- Created a BMS (Building Management System) that reduced manual workflows by 40%.
- Enhanced performance, cutting downtime by 50% and speeding up page load by 30%.
- Secured app with JWT and RBAC, increasing user data protection compliance.

Code Reviewer - Part Time

02/2023 – 03/2024

Microverse

Remote

- Reviewed 300+ full-stack apps, improving code clarity and architecture.
- Guided global devs to fix issues, lowering resubmissions by 40%.
- Promoted Git workflow and clean code practices, adopted by 30% more students.

PROJECT

Spend Wise - Expense Tracker

- Built a personal finance tracker with auth, charts, and CSV export.
- Delivered <150ms response time for expense filters.
- Improved budgeting accuracy by 30% and visual clarity by 45%.
